Municipal Center
September 18 2014**

David Cavilla called the meeting to order at 8.08 PM

Review of Minutes

The review of July minutes was postponed until the October meeting.

Open Space Trust Fund Committee

Jeff discussed the Board of Education brought the artificial turf/lighting project in under budget and asked if anyone was aware if the unused balance would be returned to the OSTF.

Concern was expressed that to date no activity has taken place with the OSTF advisory board. It does not appear to have been established though Nina Seiden and John Purdy were asked by mayor Rustin to participate.

Planning Board

No news. The TEC needs to fill an open position left by resignation of Jeff Toonkel

New Business / Discussion

None

Guests

Christine Evron

Meeting was adjourned at 8.58PM
