

Adopted January 16, 2020

Minutes Environmental Commission
December 5, 2019

Attendance: Nina Seiden, Anna Makrinos, Allison Chertoff, Daniel Park, Olga Milanos.

The meeting was called to order at 7:40 pm.

The plans of the proposed Bottle King development were reviewed. There were no comments or suggestions.

The minutes of the November 6, 2019 special meeting regarding a plastic bag ordinance were approved. Daniel Park will introduce the ordinance to the Mayor and Council.

The proposed 2020 calendar of TEC meetings was discussed. It was suggested that the August meeting be held on Aug. 13 due to the later date being too close to Labor Day. A question was raised about the September 17th meeting conflicting with School conferences. Allison Chertoff will contact the Board of Education and a determination will be made at a later date. Otherwise the calendar was approved.

There was an update of Green Team activity.

Respectfully submitted,

Olga Milanos
