RULES AND REGULATIONS

1. Use of facilities shall be generally limited to functions or activities sponsored and supervised by Tenaflly non-profit organizations. Permit requests should be based on a 2 hour time frame. No blanket permits will be accepted; specific dates and times must be listed (if a group or organization is not using their scheduled time frame, they must notify the Recreation Dept. no later than 24 hours prior to cancellation unless in the case of unforeseen conditions).
2. Setting up and cleaning up of facility is the responsibility of the applicant. Any requests for assistance must be made in writing two weeks prior to requested use.
3. No open flames/gas grills permitted without the approval of the Tenaflly Fire Department.
4. In the event of lightning, PLEASE SEE ATTACHED LIGHTNING POLICY.
5. No signs, posters or exhibits of any kind shall be hung in or about the premises which in any way would mar or deface the same.
6. The applicant organization shall be responsible for any damage to property resulting from its use thereof, whether by accident or otherwise and shall pay the cost of such damages.
7. (Municipal Field Only) If permit includes a light request, the person who signs the permit is responsible for contacting the Director or Asst. Director when an event is cancelled or ends before the scheduled end time so that the lights may be turned off.
8. The selling of refreshments or any other merchandise is prohibited without the permission of the Mayor and Council and/or the Recreation Board.
9. (McCandless Room Only) The capacity of the McCandless Room is 100 persons. One half of the McCandless Room shall be limited to 50 persons. Emergency doors should be used only for emergency purposes.
10. The Borough of Tenaflly, at any time, reserves the right to change or amend the forgoing regulations or to withdraw from any organization or person the privilege of use of the room, field or park or to deny the use of facility at its discretion.
11. Violators of the above Rules and Regulations may not submit for reinstatement.
12. Tenaflly Recreation has the right to cancel or postpone use of any facility with short notice to avoid damage of a facility deemed to be in poor condition.
13. Failure to observe guidelines may result in permits being denied or charges being assessed for damages to any facility.

I have read and understand the Rules and Regulations expressed above:

Borough of Tenafly Lightning Safety Policy

Functions of Lightning Detection System

This is an automatic system that enables itself upon weather threats in the area.
It is not controlled by a person.

1. When lightning approaches a twelve mile radius from Tenafly, the Lightning Detection System will activate a flashing light and an alarm will sound for approximately fifteen seconds.
2. **As soon as the Lightning Warning System activates, everyone MUST remove themselves from their outdoor activity and seek shelter or face severe penalties and fines.**
3. The flashing light will then continue for a minimum of thirty minutes after the last lightning strike within a twelve mile radius; all fields must remain cleared through the duration of the activated warning system.
4. When the warning alarm sounds three five- second intermittent blasts and the flashing light goes out it is permissible to reenter the field.
5. **Under absolutely no circumstances is anyone allowed back on the field prior to the Lightning Warning System deactivates.**
6. This system may reactivate at any time throughout the duration that the fields are open depending on the storm activity and its whereabouts. **There are no false alarms.**
7. **Members of the Public using the municipal or board of education facilities, parks and fields on an individual, unorganized basis are also subject to the same policy.**
8. **All protective measures must be adhered to at all times.**

Recommendation: If you hear thunder as a storm approaches and the alarm system has not yet activated, it is recommended that you use this leeway time to organize your group to safety. Lightning has been known to strike up to twelve miles away.

Recommendation: For places of safety during a thunderstorm, a vehicle with a solid metal roof and metal sides offers some protection. Close the windows, lean away from the sides of the car, and keep your hands in your lap. Do not touch the steering wheel, ignition, gear shifter or radio.

Additional Lightning Safety Tips:

- **Plan ahead:** coaches should watch the weather forecast prior to using the field.
- **Use the '30-30 Rule':** after you see lightning, count the seconds until you hear thunder. If this time 30 seconds or less, go inside. Stay inside until 30 minutes after the last strike of thunder.
- **Avoid Dangerous Locations:** DO NOT go under trees to keep dry in a thunderstorm! Avoid: elevated places, open areas, tall isolated objects, water activities, dugouts, and open areas such as fields, open vehicles, unprotected open buildings, and large structures such as fences or bleachers.
- **First Aid:** Lightning deaths are caused by cardiac arrest or the person has stopped breathing from the cardiac arrest. Start CPR or rescue breathing if the person has no pulse or is not breathing, respectively. Have someone call 911. Use an Automatic External Defibrillator (AED) if one is available.

Penalties for Disregarding the Lightning Protection System

Organized activities: The umpire, coach, coordinator or adult in charge is responsible to ensure that their group follows the Lightning Safety Policy. Disregarding the policy subjects the umpire, coach, coordinator or adult in charge to a possible suspension of responsibility regarding Tenafly Recreation activities or co-sponsored activities; and privileges including using the fields and parks for organized activity. A summons shall be issued by the Tenafly Police Department if caught in violation of this policy and Borough Ordinance.

I hereby acknowledge that I am aware of the above policy. I will follow this policy as an umpire, coach, coordinator or adult in charge, and inform all participants in the activities. I understand that I am subject to the above penalties and or fines should I choose to disregard the lightning detection system under any circumstances.
